
MOUTIN REUNION Bassist Francois Moutin, best known for his work with Martial Solal, is an astonishing technician who makes the instrument swing, rumble, and soar. This is a chance to hear the quartet he co-leads with his twin brother Louis on drums, Sylvain Beuf on saxophones, and Baptiste Trotignon on piano, which recorded the impressive *Power Tree* (Dreyfus) a couple of years ago. **Jazz Gallery**, at 9 & 10:30.
